

## ATTACHMENT 1 - Proposals for deletions from the ASEAN Handbook of Cosmetic Ingredients

### Part I – List of substances which must not form part of the composition of cosmetic products

#	Ingredient	Proposal
1	Aminophylline	Delete from AHCI. Add to ASEAN Directive Annexe II Part 1 <b>Reference Number 423 Aminophylline</b>
2	Androgenic, oestrogenic & progestational substances. Sex hormones	Delete from AHCI. Already covered by ASEAN Directive entry Part I 194 (Progestogens) and 260 (Oestrogens)
4	Chlorofluorcarbon (CFC)	Delete from AHCI. No change to ASEAN Directive.
5	Hormones	Delete from AHCI. Already covered by ASEAN Directive.
7	Silver and its derivatives except for use as colourants in nail polish	Delete from AHCI. No change to ASEAN Directive. Already covered by colourants entry
8	Sodium peroxide	Delete from AHCI. Already covered by ASEAN Directive
9	Theophylline	Delete from AHCI. Add to ASEAN Directive Annexe II Part 1 <b>Reference Number 423 Theophylline</b>
10	Thorium & its compounds	Delete from AHCI. Already covered by ASEAN Directive entry on radioactive substances

### Part II – List of substances which cosmetic products must not contain except subject to restrictions and conditions

#	Ingredient	Proposal
1	Climbazole	Delete from AHCI. No change to ASEAN Directive.
2	Aluminium chlorhydrate	Delete from AHCI. No change to ASEAN Directive.
3	Aluminium chlorhydrate alantoinate	Delete from AHCI. No change to ASEAN Directive.
4	Aluminium chloride	Delete from AHCI. No change to ASEAN Directive.
5	Aluminium potassium hydroxide sulphate	Delete from AHCI. No change to ASEAN Directive.
6	Aluminium sulphate	Delete from AHCI. No change to ASEAN Directive.
7	Aluminium pyrithione	Delete from AHCI. No change to ASEAN Directive.
8	Biosulphur fluid	Delete from AHCI. No change to ASEAN Directive.
9	Bromochlorophene	Delete from AHCI. No change to ASEAN Directive.
11	Capsicum tincture	Delete from AHCI. No change to ASEAN Directive.
12	Cetylpyridinium chloride	Delete from AHCI. No change to ASEAN Directive.
13	Chlorhexidine digluconate	Delete from AHCI. No change to ASEAN Directive.
14	Chlorxylenol	Delete from AHCI. No change to ASEAN Directive.
15	Citric acid triethylester	Delete from AHCI. No change to ASEAN Directive.
16	Copper	Delete from AHCI. No change to ASEAN Directive.
17	Dihydroxyacetone	Delete from AHCI. No change to ASEAN Directive.
18	Farnesol	Delete from AHCI. No change to ASEAN Directive.

**Part II – List of substances which cosmetic products must not contain except subject to restrictions and conditions**

#	Ingredient	Proposal
20	Ginger tincture	Delete from AHCI. No change to ASEAN Directive.
21	Glyceryl monolaurate	Delete from AHCI. No change to ASEAN Directive.
23	Lawsone with Dihydroxyacetone	Delete from AHCI. No change to ASEAN Directive.
24	Low molecular weight hydrocarbons	Delete from AHCI. No change to ASEAN Directive.
26	PEG-80 sorbitan oleate sulphur	Delete from AHCI. No change to ASEAN Directive.
28	Piroctone olamine	Delete from AHCI. No change to ASEAN Directive.
30	Quinolin-8-ol & bis(8-hydroxyquinolinium) sulphate	Delete from AHCI. No change to ASEAN Directive.
31	Ricinol polyethioxylate sulphide	Delete from AHCI. No change to ASEAN Directive.
32	Salicylic acid	Delete from AHCI. Add to ASEAN Directive Annexe III Part 1 <b>Reference Number 66 - Salicylic acid - Maximum authorised concentration in the finished product 2% for leave-on products, 3% for rinse-off products. Limitation - Not to be used for children under 3 years of age (except shampoos). Labelling - Not to be used for children under 3 years of age (except shampoos).</b>
34	Sulphur	Delete from AHCI. No change to ASEAN Directive.
37	Trichlocarbanilimide (TCC, Triclocarban)	Delete from AHCI. Add to ASEAN Directive Annexe III Part 1 <b>Reference Number 67 - Trichlocarbanilimide - Maximum authorised concentration in the finished product 0.3% for leave-on products, 1.5% for rinse-off products.</b>
38	Triclosan	Delete from AHCI. No change to ASEAN Directive.
39	Undecylenic acid monoethanol amide sodium sulphosuccinate	Delete from AHCI. No change to ASEAN Directive.
40	Zinc phenolcarbonate	Delete from AHCI. No change to ASEAN Directive.
41	Zinc paraphenol sulphonate	Delete from AHCI. No change to ASEAN Directive.
42	Zinc pyrithione	Delete from AHCI. No change to ASEAN Directive.
43	Zinc ricinoleate	Delete from AHCI. No change to ASEAN Directive.

**Part III – List of colouring agents allowed for use in cosmetic products**

<b>CI</b>	<b>Ingredient</b>	<b>Proposal</b>
<b>14600</b>	Orange	Delete from AHCI
<b>16150</b>	Red	Delete from AHCI
<b>16155</b>	Red	Delete from AHCI
<b>46035</b>	Red	Delete from AHCI
<b>77013</b>	Ultramarine green	Delete from AHCI. Add to ASEAN Cosmetic Directive Annexe IV Part 1 <b>Colour Index 77013. Colour – Green. Field of Application - 1</b>
<b>77019</b>	Mica	Delete from AHCI. Not a colourant
-	Bismuth citrate	Delete from AHCI
-	Dihydroxyacetone	Delete from AHCI
-	Aceton dihydroxide	Delete from AHCI
-	Disodium EDTA-copper	Delete from AHCI
-	Guiazulene	Delete from AHCI. Add to ASEAN Cosmetic Directive Annexe IV Part 1 <b>Guiazulene. Colour – Blue. Field of Application – 2</b>

**Part IV – List of preservatives allowed for use in cosmetic products**

<b>#</b>	<b>Ingredient</b>	<b>Proposal</b>
<b>1</b>	Aluminium pyrithione	Delete from AHCI. Add to ASEAN Cosmetic Directive Annexe VI Part 1 <b>Reference Number 57. Aluminium pyrithione. Maximum authorised concentration - 0.5% in rinse-off products only.</b>
<b>2</b>	Butylated hydroxyanisole	Delete from AHCI (Antioxidant, not preservative)
<b>3</b>	Cetylpyridinium chloride	Delete from AHCI
<b>4</b>	Chlorhexidine, its digluconate, diacetate & dihydrochloride	Delete from AHCI
<b>5</b>	Chloro-N-(hydroxymethyl) acetamide	Delete from AHCI
<b>6</b>	Phenol & its alkali salts	Delete from AHCI. Add to ASEAN Cosmetic Directive Annexe VI Part 1 <b>Reference Number 58. Phenol &amp; its alkali salts. Maximum authorised concentration – 1% in rinse-off products only.</b>
<b>7</b>	Phenonip	Delete from AHCI
<b>8</b>	Piroctone oleamine	Delete from AHCI.

**Part V – List of UV Filters allowed for use in cosmetic products**

#	Ingredient	Proposal ex-Malaysia
1	2-Ethoxyethyl-p-methoxycinnamate	Delete from AHCI. Follow EU UV Filter annexe.
2	4-Isopropyl-dibenzoyl-methane	Delete from AHCI. Follow US FDA . Add to ASEAN Cosmetic Directive Annexe VII Part 1 <b>Reference Number 26. 4-Isopropyl-dibenzoyl-methane. Maximum Authorised Concentration - 5%.</b>
3	Benzyl salicylate	Delete from AHCI. Follow US FDA . Add to ASEAN Cosmetic Directive Annexe VII Part 1 <b>Reference Number 27. Benzyl salicylate. Maximum Authorised Concentration - 5%.</b>
4	Camphor benzalkonium methosulphate	Delete from AHCI. Follow EU UV Filter annexe.
5	Diethanolamine methoxycinnamate	Delete from AHCI. Follow EU UV Filter annexe.
6	Digalloyl trioleate	Delete from AHCI. Future use not permitted
7	Dioxybenzone	Delete from AHCI. Follow EU UV Filter annexe.
9	Ethyl diethylaminobenzoate	Delete from AHCI. Follow EU UV Filter annexe.
10	Ethyl N-dihydroxypropyl PABA	Delete from AHCI. Future use not permitted
11	Ethyl-p-dimethylaminobenzoate	Delete from AHCI. Follow EU UV Filter annexe.
12	Glyceryl PABA	Delete from AHCI. Future use not permitted
13	Lawsone/dihydroacetate	Delete from AHCI. Not a UV Filter.
14	Methyl anthranilate	Delete from AHCI. Follow US FDA . Add to ASEAN Cosmetic Directive Annexe VII Part 1 <b>Reference Number 28. Methyl anthranilate. Maximum Authorised Concentration – 3-5%.</b>
15	Red petrolatum	Delete from AHCI. Future use not permitted
19	Titanium dioxide	Delete from AHCI. Follow EU UV Filter annexe.
20	Zinc oxide	Delete from AHCI. Follow US FDA . Add to ASEAN Cosmetic Directive Annexe VII Part 1 <b>Reference Number 29. Zinc Oxide. Maximum Authorised Concentration – 20%.</b>

**ATTACHMENT 2 – ACTIONS**

<b>Part I – List of substances which must not form part of the composition of cosmetic products</b>		
<b>#</b>	<b>Ingredient</b>	<b>Action</b>
<b>3</b>	Azelaic acid	Secretary to make proposal for ingredient restriction by end April 2006
<b>6</b>	Methylene chloride or dichloromethane	Philippines to review ASEAN Annexe III Part 1 Entry 7 and report by end April 2006
<b>11</b>	Tranexamic acid	Secretary to make proposal for ingredient restriction by end April 2006

<b>Part II – List of substances which cosmetic products must not contain except subject to restrictions and conditions</b>		
<b>#</b>	<b>Ingredient</b>	<b>Proposal ex Singapore</b>
<b>10</b>	Camphor	Thailand/Indonesia to make proposal on restriction/labelling for babies by end April 2006
<b>19</b>	Fluoride salts & derivatives	Thailand/Singapore/Philippines/ACA to review Thai-specific safety issues
<b>22</b>	Halocarbane	Indonesia to make proposal on restriction/labelling by end April 2006
<b>25</b>	Menthol	Thailand/Indonesia to make proposal on restriction/labelling for babies by end April 2006
<b>27</b>	Persulphates of ammonium, potassium or sodium	Indonesia/Thailand to make proposal by end April 2006
<b>29</b>	Quaternary ammonium compounds	Philippines/Thailand to make proposal by end April 2006
<b>33</b>	Sodium lauryl sulphate	Singapore to make proposal by end April 2006
<b>35</b>	Thiolactic acid	Singapore to make proposal as per thioglycollic acid entry by end April 2006
<b>36</b>	Tranexamic acid	Secretary to make proposal for ingredient restriction by end April 2006

<b>Part III – List of colouring agents allowed for use in cosmetic products</b>		
<b>CI</b>	<b>Ingredient</b>	<b>Proposal ex-Indonesia</b>
<b>75480</b>	Henna	Review – Malaysia to make proposal including use on skin by end April 2006
<b>77520</b>	Ferric ammonium ferrocyanide	Review – Philippines to make proposal including use on skin by end April 2006

<b>Part IV – List of preservatives allowed for use in cosmetic products</b>		
<b>#</b>	<b>Ingredient</b>	<b>Proposal ex-Malaysia</b>
<b>9</b>	Thymol	Secretary to investigate possible duplication by end April 2006

<b>Part V – List of UV Filters allowed for use in cosmetic products</b>		
<b>#</b>	<b>Ingredient</b>	<b>Proposal ex-Malaysia</b>
<b>8</b>	Ethyl-4-[bis(hydroxypropyl)]aminobenzoate	Review in 12 months – Work to be allocated at next ACSB Meeting
<b>16</b>	Sulisobenzone	Singapore to review vs benzophenone-5 by end April 2006
<b>17</b>	TEA Salicylate	Philippines to investigate delisting in EU by end April 2006
<b>18</b>	Terephthalylidene dicamphor sulphonic acid	Secretariat to clarify EU status with L'Oreal by end April 2006
